GERMANY IS TREMBLING OVER ACTION OF THE STRIKERS

MUST CHANGE IRELAND TO A LOYAL COMRADE

(By Associated Press.) LONDON, April 27.—Lloyd George in an important speech today discussed the big questions "must we convert Ireland from a suspicious, surly, dangerous neighbor to a cheerful, loyal comrade? Settlement of this question is essential for the peace of the world. For speedy victory in the war I appeal to the patriotism of all men to sink everything to get this question settled." Referring to the situation, he said: "Now our men have a real chance in this fight. Before June 1915 we lost 84 guns and a considerable number of prisoners, but since that date we have not lost a single gun, and have captured 400. We have taken at least

ten prisoners to one lost, and victory is increasingly nearer." The premier said: "We have lost many ships, but submarines brought America in and I am perfectly satisfied with the balance. America, after great patience, came to the conclusion there was no use waving a neutral flag at the tooth of a shark, and she is definitely with us to put down the menace once for all. I do not say the war will last through 1918, but if the Germans knew by holding out until then they could win, they would hold out. If he knew the longer he holds out the worse it will be for him, peace will come earlier."

EGG CRASH EXPECTED IN CHICAGO

WILLIONS HELD ON TRACKS WHILE OWNERS PAY HEAVY DEMURRAGE CHARGES

(By Associated Press.) CHICAGO, Ill., April 27.—Investigation by the health department has revealed that 7,820,000 eggs are being held in 55 railroad cars in the freight yards here and consignees pay \$5 a day on each car while the eggs remain there. Some of the cars had been standing on sidings for ten days. At the federal buildings where a grand jury is investigating "war profits" for eggs when it is alleged, the supply is greater than it has been in years, it was said evidence of a combination to monopolize the market had been found. Eleven Chicago dealers have been subpoenaed to appear with their records, it was said.

WEST TONOPAH GETS VERY GOOD VALUES

ENTERS ORE BODY AFTER PASSING FAULT IN DRIFT 750 FEET SOUTH OF SHAFT

West Tonopah surprised the trading public by doubling in value going from 13 to 26 at the afternoon session. The cause for the demand is the fact that very good values were opened on the 950 level where Capt. Case, the manager, had been drifting for some time. The face is out 750 feet south of the shaft and just through a fault. The vein runs east and west and is believed to be a permanent ore body. It will take some time to develop the ledge and the real significance of the strike cannot be known for some time. Following on the strike of another ore body in the Ohio shaft on the California claim of the West End company in the western territory the West Tonopah started western stocks booming as the two recent discoveries are regarded as potential factors in establishing values all down the length of the flat where the Great Western and Bonanza are located.

In sympathy with the market on West Tonopah, Great Western advanced from 4 to 6 cents and closed strong.

TOUCH OF WEATHER

Tonopah had a little taste of almost every kind of weather today. In the first place there was a little rain and then a little hail and some more snow, all of which registered the hundredth part of an inch.

Peace Terms May Be Forthcoming

(By Associated Press.) AMSTERDAM, April 27.—The Tjids' German correspondent says that Dr. von Bethmann-Hollweg, the imperial German chancellor in his next speech in the reichstag will specify Germany's peace terms in great detail.

COAL AND IRON MUST BE HAD

PREFERENCE GIVEN THESE COMMODITIES OVER ALL OTHER SHIPMENTS

(By Associated Press.) WASHINGTON, D. C., April 27.—Orders directing the country's railroads to give coal and iron ore preference over all other traffic have been issued by the general railroad board of the council of national defense formed here to operate American railroad lines as one continental system during the war. In announcing its first important move since organizing the board declared the welfare and safety of the nation depend upon adequate supplies of coal and iron and that evasion of the order would call for the strictest disciplinary measures. Railroad presidents will be charged personally with responsibility for carrying the order into effect.

REPUBLICAN WILL SUPPORT WILSON

JONES, OF WASHINGTON, MAKES A RINGING APPEAL FOR WAR BILL

(By Associated Press.) WASHINGTON, D. C., April 27.—The senate debate on the draft was opened today by Jones, Republican, of Washington, who said: "The man who must conduct the war, our commander in chief, urges selective draft as a wide, necessary measure; military authorities urge it, and the senate committee which fully examined it, recommends it; why should I not vote for it?" Senator Kenyon declared: "I want to say that while voting for the conscription of men I am going to vote for the conscription of incomes. In my judgment every income above \$100,000 should be commandeered and conscripted to carry on the war. This proposition is coming up before we get through with the tax bill."

McCumber said ten million of the best trained men would not win the war unless the submarines were overcome.

(By Associated Press.) WASHINGTON, D. C., April 27.—Loans by the United States to France and Italy within the week indicate that France probably will get \$100,000,000 and Italy a smaller sum.

120 MINERS ARE LOST BY FIRE IN COLORADO

(By Associated Press.) TRINIDAD, Colo., April 27.—Fire has trapped 120 coal miners in the Victor American Fuel company's mine at Hastings, where it is believed an explosion occurred. Rescuers are working, but there is little hope. There is no sign of an explosion from the outside, but there is believed to have been one. Smoke was first seen at 9:30 this morning. The day shift is believed to be entombed. No word has come from the inside since the fire started though a heli-

ALLIES CONTINUE STEADY ADVANCE ON WEST FRONT

IMPORTANT POSITIONS TAKEN BY BOTH BRITISH AND FRENCH TROOPS

(By Associated Press.) Desperate German efforts to drive the British from the captured height of the Arras front failed after four days of the bitterest fighting since Verdun. It is expected that attacks will be renewed if the German man power can stand the awful drain, as General Haig's retention of the hills spells doom to the Wootan line, the last barrier between Douai and Cambrai.

(By Associated Press.) PARIS, April 27.—The French captured several trenches on the heights around Moronvilliers and gained near Hurtebise and Cerny. One hundred and thirty cannon have been captured since April 16th.

(By Associated Press.) LONDON, April 27.—Important positions between Roex, Gavrelle and near the Arras-Cambrai road were captured by the British. In Mesopotamia further retirement of the Turks for a considerable distance north of Samarra, recently captured by the British, is announced. The thirteenth Turkish division is entrenching in the foothills of the Jabalham range, between the Tigris and Djalal, where the British are in touch with it.

WILL MOORE DIES FROM A WOUND

Will Moore, aged 27, eldest son of Mr. and Mrs. John A. Moore, the well-known ranchers of Smoky valley, was killed early last evening by a gun shot wound self inflicted accidentally, to which he quickly succumbed. Deceased was one of the best known of the younger generation of the district where the family lives and was universally respected. His mother was visiting Mrs. Luce at Big Pine, Cal., when news was received last night and she immediately prepared to return home. Traveling by auto the distracted mother passed through Tonopah early this morning and continued on her journey after a short rest.

Will Moore was born in Nye county and always lived with his parents on the home ranch eight miles from Round Mountain. He is survived by several sisters and brothers.

CONTROLLER OF FUEL SUPPLY IS SELECTED

(By Associated Press.) CHICAGO, April 27.—It is reported that Francis Peabody, the prominent Chicago coal man, has been appointed controller of the national fuel supply during the war.

Teddy Politely Asked To Quit

(By Associated Press.) WASHINGTON, April 27.—Joseph Leiter, president of the army league, telegraphed Colonel Roosevelt today asking him to desist from his agitation for a volunteer division for service in France, because his attitude was "giving aid and comfort to the enemy in congress."

RIOT CAUSED BY A PEACE ORATOR

SOCIALIST IN PAY OF GERMANY ATTACKED BY RUSSIAN POPULACE

(By Associated Press.) PETROGRAD, April 27.—A small riot occurred when a crowd drove the audience of Socialist Lenine into the street as a protest against his exhortations for separate peace and attacks on the provisional government. Lenine was not arrested, as the government fears his arrest would make him a martyr. Lenine has become a leader of the Socialists who desire to end the war. He returned from exile through Germany. It is generally assumed that he is in German pay.

SWEDISH WORKERS FAVOR ENTENTE

DEMAND COMMERCIAL ARRANGEMENT WITH ENGLAND FOR FOOD SUPPLY

(By Associated Press.) COPENHAGEN, April 27.—At Halmstad, Sweden, Wednesday, 30,000 people took part in a demonstration before the town hall at which demands were made for a commercial arrangement with England, larger bread rations and discontinuance of food exports. All tramways ceased running during the afternoon while the demonstration was in progress. Similar demonstrations on a smaller scale occurred at Gothenburg and Harnesand.

HUN DESTROYERS ATTACK RAMSGATE

FEW CASUALTIES BEFORE FLEET IS DRIVEN OFF BY LAND BATTERIES

(By Associated Press.) LONDON, April 27.—German destroyers attacked Ramsgate. A large number of shells were fired, but the destroyers were driven off by a land battery. The casualties included one man and one woman killed, one man and two women injured. Twenty-one dwellings and two stables were damaged, and one horse was killed.

PARADE AT GOLDFIELD WILL BE HELD WITHOUT THE GOVERNOR

A disagreement has arisen in Goldfield over holding a patriotic parade tomorrow afternoon as originally planned. The committee in charge has split on the issue, one faction preferring to wait on the pleasure of the governor before holding any demonstration and the other faction resolving that, since the parade was designed to be a demonstration of the people and therefore not dependent on the presence of the governor or any other functionary, the parade should be held. Lieutenant Governor Sullivan will not attend.

LABOR LEADERS SENT TO THE FIRING LINE TO STIFLE STRIKES

(By Associated Press.) COPENHAGEN, April 27.—German newspapers indicate widespread apprehension of the possible May day strike, as the proclamation from Bethmann-Hollweg, addressed to the federal states, but really to labor, contains both an appeal and a warning against further interference with munitions works.

A manifesto from the four big miners' unions warns members against reckless and regrettable action because of food conditions. Another official announcement says

a great combing out of the war industries is necessary to relieve men for the army. This gives the government any needed justification for sending to the front munition workers who yield to temptations to strike. A strong ferment evident among the laboring masses is due to food conditions, extreme cost of living and weariness of war. Persons familiar with conditions in Germany, however, believe the authorities are able to cope with the May day situation.

MANY KILLED BY QUAKE IN ITALY

EARTHQUAKE MAY DUPLICATE THE HORRORS OF TWO YEARS AGO

(By Associated Press.) LONDON, April 27.—Many are reported killed by an earthquake in Tuscany and Umbria Thursday, according to a Rome dispatch. Umbria is near Abruzzi Ultra where 2400 were killed by an earthquake in 1915.

SUSPECT HELD ON THE BORDER

LETTERS AND TELEGRAM OF RECOMMENDATION PROVE TO BE FORGED

(By Associated Press.) CORPUS CHRISTI, Texas, April 27.—Acting on telegraphic requests from Denver, Amarillo, Texas, and Roswell, N. M., police here yesterday arrested a man who gave his name as L. B. Beale, and who said his father was a cattleman at Santa Fe. He is being held. Beale, who is about 35 years old, carried a letter of recommendation from a Santa Fe bank and represented himself as being an investor looking for farm lands in this section. Chief of Police Fowler said a telegram from the bank said the letter is a forgery.

BREAD WILL BE RAISED

(By Associated Press.) LOS ANGELES, April 27.—Bread prices will be raised Monday, the ten cent loaf becoming 15c, and the six cent loaf, eight cents.

RELEASED TO MONTREAL

(By Associated Press.) CINCINNATI, April 27.—Tom Romanach, Cuban infiltrator, was released by the Cincinnati Nationals to the Montreal club of the International League, under an optional agreement yesterday.

MUST HAVE AMERICANS IN FRANCE

MARSHAL JOFFRE URGES SENDING AMERICAN EXPEDITIONARY FORCE TO EUROPE

(By Associated Press.) WASHINGTON, D. C., April 27.—Conferences between members of the French war mission and American government officials for exchanges of views regarding the conduct of the war against Germany, began yesterday.

France is known to desire the sending of an American expeditionary force to co-operate with her armies and Marshal Joffre came to the United States prepared to give the reasons of the French military experts that the sending of such a force is desirable. Information regarding the meeting between the military leaders was withheld. Soon after the conclusion of the conference Rene Viviani, vice premier, of France, head of the commission, gave a statement to the American press in which he declared the co-operation of the United States in the war would mean not only a victory for France, which already was assured, but a victory of morality and right. Everywhere the Frenchmen appeared they were enthusiastically greeted. Crowds in the streets stopped as the members of the party hurried here and there in automobiles. The White House yesterday resembled nothing so much as an army headquarters in war time. Spurs jingled and sabres rattled as officers crossed and recrossed the big reception hall. Outside, on the terraces, sentries passed to and fro in front of the windows.
